A REVOLUTION IN THE TYPES OF ROTARY CLUBS IS UNDERWAY

Gone are the days when all Rotary Clubs met weekly over a meal and attendance was taken and tracked. Over the past decade, flexibility and innovation have become the mantra of Rotary International. And the grassroots have taken up the challenge of creating new ways for clubs which to the demands of modern society and different cultures.

What follows provides a brief overview of the new form clubs are creating.

Traditional:

- Meets weekly, usually over a meal – breakfast, lunch or dinner.
- Typically start the meeting with the singing of the national anthem and the Rotary prayer.
- Have a speaker at each meeting.
- May end the meeting with the singing of God Save the Queen in countries that are or were parts of the British Empire.

Semi-Traditional:

- Meets weekly or every second week,
- Usually over a meal, with a speaker, but without the singing.

Even Less Traditional:

- Meets weekly or bi-weekly,
- Club business or social events,

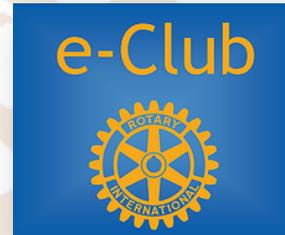

The strength of our Club lies in its members

Service Above Self – Making a Difference

Editor – PP Geoff Horvath

The e-Club:

- meals or drinks optional,
- no formalities (i.e. no speaker, no singing)

- Officially is NOT a separate category of a club from a traditional club
- meets online
- has a dedicated website
- members are responsible for updating the website
- creates an online platform for hosting meetings using video-conferencing
- ensures a private section of the website that only members can access to protect their personal data

- has an online financial transaction system that allows members to pay dues, donate, or process payments

- lets visiting Rotarians attend your virtual meeting

Satellite:

Satellite clubs provide another option for creating Rotary clubs. A satellite club functions as a short-term, transitional step on the way to becoming a full, independent Rotary club.

This allows interested persons to become Rotarians without meeting the requirement of having at least 20 persons to organize a separate Rotary club. Rotarians who are absent from regular Rotary club meetings can make these up by attending satellite club meetings.

A Satellite Rotary Club is an officially sanctioned by Rotary International Club under the charter of a parent **club**. The Satellite Rotary Club will have its own community service projects and fund raisers to support the community service initiatives established by the satellite clubs own board.

- Officially, satellite club members are members of a traditional or semi-traditional club
- Meet at a different location, different time, with a different format and frequency
- Have their own executive board

- Must have at least 8 members at the time they form, no maximum number of members
- Should have the same name as the sponsor club plus a qualifier that distinguishes it from the sponsor, for example:

- *If the sponsor and satellite clubs meet at different times*

- **Sponsor:** Rotary Club of Honolulu
- **Satellite:** Satellite Rotary Club of Honolulu Sunset

- *If the sponsor and satellite clubs have different meeting locations*

- **Sponsor:** Rotary Club ofWahiawa-Waialua
- **Satellite:** Satellite Rotary Club of Wahiawa-Waialua Sunrise

- Satellite clubs set up their own board and have their own officers, but instead of a president, a satellite club has a chair.

Satellite Rotary Club of South Hilo

- Although satellite clubs are intended as a temporary step on the way to becoming a full, independent Rotary club, there is no time limit on the life of a satellite club.

Multiple Satellite Online Hybrid:

- The Rotary Club of Dryden is now considering creating a new type of club combining features of a traditional club, a satellite club and online club.

- Using video cameras club meetings will be broadcast live over the Internet and marketed to the communities of Northwestern Ontario.

Passport:

- Designed for former Rotary members, youth, alumni and others who find that a traditional club doesn't fit their life.
- Attract new and returning members to Rotary who have difficulty attending weekly meetings
- Retain members where the expense is a drawback to joining or continuing Rotary

Examples of Passport Clubs

District 7040

- Rotary Passport Club only holds a few "in-person" meetings each year.
- Instead of weekly meetings, members are encouraged to engage in humanitarian service - however that works best for them.
- There is one online meeting on the last Tuesday of every month.

District 7450

- Passport Club has only four business meetings/year, once per quarter.
- During the other 8 months, they will have a meeting with a partner Club.
- Have a social (i.e. Happy Hour) meeting each month at various locations.
- Members can also attend any other meeting of any Club in the District that may be convenient for their schedule.
- Members are REQUIRED to commit to 40 hours of service each year through projects, fundraisers and/or supporting other non-profit organizations.
- All partner Clubs in the District are requested to email their upcoming projects/fundraisers to the Passport Club President and Secretary. These events will be posted on the Passport Club calendar so all members can pick which projects/events fit their schedules.
- If the 40-hour service commitment is not feasible due to other personal time commitments, the Passport Club member would consider donating to

The Rotary Foundation (TRF) each year (suggested amount is \$250).

Examples – Passport Club of Pierce County

- Multiple service opportunities
- Monthly social gatherings
- Quarterly club meetings
- Affordable annual dues
- Access to local & global Rotary activities & resources

Rotary District 5240

- Monthly Socials and Quarterly Meetings - Check Calendar for Dates and Location
- Will Vary around the Area

Rotary District 5170

- The Passport Club meets only one Saturday a month for a club meeting and once a month to do either a service project or attend a meeting at any other Rotary Club.
- Typically, there are no meal costs as the Club commonly meets over light refreshments.

The dues for the Passport Club are only \$180 per year with a one-time admission fee of \$15.

PolioPlus

In 1985, the Polio Plus program was launched the "plus" initially referred to the additional vaccines administered along with the polio vaccine. Today, it also reflects the fact that the infrastructure, fundraising, and advocacy methods developed for the polio eradication campaign also support efforts to fight other infectious diseases.

WORDS of WISDOM

"Success is on the same road as failure: success is just a little further down the road." Jack Hyles

Jack Hyles

Jack Frasure Hyles (September 25, 1926 – February 6, 2001) was a leading figure in the Independent Baptist movement, having pastored the First Baptist

Church of Hammond in Hammond, Indiana, from August 1959 until his death.

ROTARY MINUTE

The Expansion of Rotary During WW I

During World War I, Rotary in Britain increased from 9 to 22 clubs, and other early clubs in other nations included those in Cuba in 1916, Philippines in 1919 and India in 1920. In 1922, the name was changed to Rotary International. By 1925, Rotary had grown to 2,106 clubs worldwide with 110,500 members.

From our newest member, Paulette Fukumoto.

“On August 1,2020 we opened 3KAI Clothing Co. Located in 834 Kilani Ave. above Keoni’s Teapresso!! I wanted to share that for my grand opening I would give 10% of my sales to Rotary Club. I have a check to present on the behalf of 3KAI Clothing Co. of **\$100**. Here’s a few photos of the new store. “

3KAI is promoting local designers, Hawaii artists & bringing the best of fashion to Hawaii in Wahiawa! Stop by and take a look. The store is open, Tuesday-Saturday 10am-5pm, Sunday-11am-5pm, Mon-Closed 3kai.myshopify.com

QUIZ OF THE WEEK

What action of the body was meant to ward off predators?

Community Project

Today 13 Rotarians and Friends of Rotarians really got down to work to beautify the Gateway to Wahiawa, as you enter from H2 and Kamehameha Highway. We did this by cutting down weeds on the roadside, sweeping up rubbish and leaves along the entrance to Wahiawa (east side entrance), finishing up using a blower to get all other debris left behind from the sweeping and raking.

We received a lot of support from passing vehicles with a lot of horn blowing! This was exciting to us and pumped us up to work even harder! It was and thirsty work, but so rewarding!

Most of the Rotarians and friends spent a little over an hour, with three others putting in a total of 2 hours to complete phase one. The second phase will be the little park itself.

Our Rotary Club did this because every little bit of cleanup counts! We'll also be gaining exposure in the community as caring and conscientious Rotarians.

Our monthly community service projects will help us build a following and ultimately lead to more interest in joining our team...not to mention the sun, laughter and camaraderie. This is just what the doctor ordered....doing us all some good, getting out in the fresh air and fellowshiping we all have been missing during this pandemic!

Those that participated today were:

Rotarians:

- President Keoni Ahalo**
- PP Doc Bill McKenzie**
- PP Lilette Subedi**
- Austin Kanamu**
- Marie Abatayo**
- Aaron Agsalda**
- Jackie Barnes**
- PP Geoff Horvath**

Friends and Guests of Rotarians:

- Nahoku Ahlo** – President Keoni’s Best Half
- KJ Ahlo** - President Keoni’s Son
- Kainalu Fukumoto**, Proxy for member **Paulette’s** Son.
- John Paul**
- Joel Oswald**

Answer to the Quiz of the Week: **Goosebumps (chicken skin)!**

Goosebumps are meant to ward off predators.

Why do we get goosebumps? In this physiological reaction, small muscles attached to individual body hairs contract, which leads the hair to stand on end. We inherited this ability from our ancestors in part as a way for our (then) coat of body hair to capture air beneath it and in that way retain heat. But, as **George A. Bubenik**, a physiologist and professor of zoology at the University of Guelph in Ontario, Canada, explained to Scientific American, it also caused our ancestors to appear bigger than they were, helping to ward off predators when they were frightened or on the defense. With modern humans having less body hair, goosebumps no longer cause us to look that much more intimidating. <https://bestlifeonline.com/random-fun-facts/>
