Global Grants

November is Rotary International Foundation Month!

Global Grants

Global grants support large international activities with sustainable, measurable outcomes in Rotary’s areas of focus. By working together to respond to real community needs, clubs and districts strengthen their global partnerships.

Global grants can fund:

- Humanitarian projects
- Scholarships for graduate-level academic studies
- Vocational training teams, which are groups of professionals who travel abroad either to teach local professionals about their field or to learn more about it themselves

How they’re funded

Global grants have a minimum budget of \$30,000 and a maximum World Fund award of \$400,000. Grant sponsors can use a combination of District Designated

Funds (DDF), cash, and/or directed gifts and endowment earnings to fund a global grant. The Foundation will provide an 80 percent World Fund match for all DDF contributions. There is no minimum World Fund match.

Qualification

Both the district or club in the country where the activity is carried out and the international partner district or club must first become qualified before applying for a global grant. Learn more about the qualification process and grant management. Your club and district Rotary Foundation chairs can help you plan how to use your District Designated Funds and learn how to qualify your club.

Submitting a successful grant application

Consult with local experts early in the planning process to build a strong project plan and global grant application. The district resource network (see below) can help.

To be approved, your application must clearly describe how your project, scholarship, or vocational training team:

- Is sustainable — include plans for long-term success after the global grant funds have been spent
- Includes measurable goals
- Aligns with one of Rotary's area of focus

- Responds to real community needs — any club or district that applies for a global grant to support a humanitarian project or a vocational training team must conduct a community assessment first and design the project based on what they learn through that assessment.
- Actively involves Rotary and community members
- Meets the eligibility requirements in the grant's terms and conditions

Applications are accepted throughout the year and are reviewed as they're received. Learn more about the Global Grant Lifecycle.

Note: Sponsoring clubs and districts must submit their applications by June 30 to the Rotary Foundation for scholars who will begin studies in August, September, or October.

Monitoring & evaluation

Measuring outcomes is an integral part of global grant projects. Proper monitoring and reporting ensure that Rotary grants have a positive impact.

Learn more in the Global Grant Monitoring and Evaluation Plan Supplement.

You will be required to fill out an online global grant report. You can download the template by clicking on [template](#).

problems. From providing clean water to promoting peace worldwide, Rotary Foundation grants bring service project ideas to life.

Grant opportunities:

- **District grants** fund small-scale, short-term activities that address needs in your community and communities abroad.
- **Global grants** support large international activities with sustainable, measurable outcomes in Rotary's areas of focus.
- **Disaster response grants** support relief and recovery efforts in areas that have been affected by natural disaster.

The Rotary Foundation Global Grants

How does Rotary Global grant work?

Global Grants fund large-scale projects and activities, involving both a Host and an International partner. All projects that receive Foundation grants must be initiated and managed by Rotarians. Global grants must: Align with one or more Areas of Focus.

Hawaii Rotary Youth Foundation (HRYF)

2024 HRYF Program

The 2024 HRYF Scholarship Program is here!!

On November 1st, all schools throughout the State of Hawaii will be notified of the 2024 HRYF Scholarship program. School counselor's, in turn, will notify their seniors of the availability of scholarships. Students will submit their applications Rotary Clubs nearest to where they live, by February 1st.

The following training opportunities will be available in the months ahead.

December 2nd, 2023 – HRYF Representative Application Processing – 9:00-10:00 am

January 20th – Formal Youth Protection training– 9:00-19:00 am

February 3rd – HRYF Interviewing Technique Training – 9:00-19:00 am

Go out and notified the students in your area!

Zoom links will be sent out in advance of the training. If you are unable to attend any of these trainings, please have an alternate attend.

RECOGNITIONS

Recognitions for November 19th to December 3rd, 2023

Steven Hughes celebrated his birthday on Wednesday, November 29th!

Thomas A. Edison

Thomas Alva Edison was an American inventor and businessman. He developed many devices in fields such as electric power generation, mass communication, sound recording, and motion pictures.

What are two items missing in the picture of the Mona Lisa?

This meeting was a time to rest and relax and have fellowship after Thanksgiving and before Christmas and our busy schedule as a club.

We went over an email President Marie received from Derek Conselva. We will miss one of our active, hard-working members, **Derek Conselva**. He requires more time and commitment with the businesses he supports as well as enjoying quality time with his family. This will hopefully be for a year only. So, we thank you Derek for all your hard work in making all our projects the success they were! We will miss you, but hope to see you back again next year!

Meetings are In-person and are subject to change.

Dec 7 – 6:00 – 7:00 pm – Ho’Ala School – Pearl Harbor Day

Dec 15 – 10:00 – 11:00 am – An AI Wonder Christmas

Rotary – 118 Years of Service to the World!

Quiz Answer

What are two items missing in the picture of the Mona Lisa? No eyebrows!

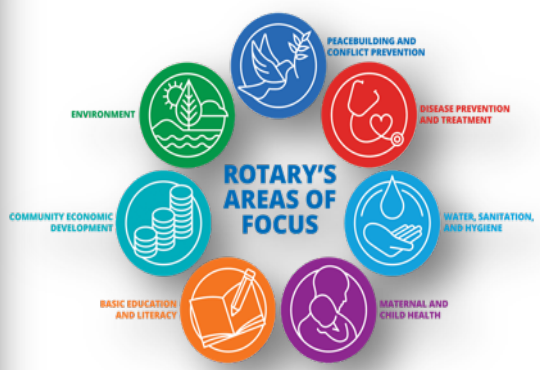

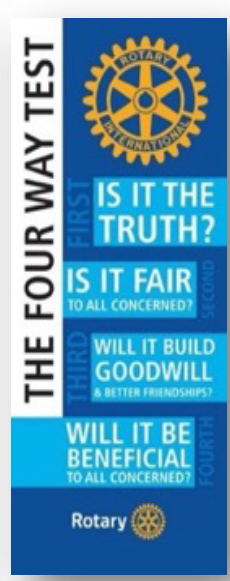

The Mona Lisa has no eyebrows. People always wonder why Mona Lisa doesn't have any eyebrows. This mystery has been solved, all thanks to an engineer named Pascal Cotte. When Da Vinci had painted Mona Lisa, he indeed painted her eyebrows but over time these eyebrows were eroded due to cleaning over time to the point where it's no longer visible today.
